RELEVANT EXPERIENCE

General Assembly
Software Engineering Immersive
October 2021 to February 2022

Spent 40+ hours each week fully immersed in every aspect of full stack software engineering. Learned technical skills and used GitHub personally for version control, and with a team for workflow.

Origlio Beverage
Multiple Roles
March 2015 to 2020

Largest non-city route in the company and grew business by almost 18%. Founded beer knowledge training program.

RZO Beverage
Sales Lead
April 2009 to February 2013

Worked on sales proposals and digital marketing campaigns. Coordinated trade shows and events.

EDUCATIONAL BACKGROUND

General Assembly
Software Engineering Immersive
Full Stack Web App Development
2021-2022

PROFESSIONAL SUMMARY

I take great pride in my ability to creatively and efficiently solve problems. Software Engineering allows me to fulfill my need to be creative and scratch my problem solving itch while my professional skillset gets sharper.
